In these astrological moments, when you feel that you haven't been taken seriously enough, it may be good to have a fragrant mood enhancer at hand to smooth the edges of the day. Smoky, rustic notes like patchouli and black pepper mixed with light citrus are fantastic for Aries women. We recommend: Hemp Maneli + Goetz Taureans is very close to Earth – practical, romantic and hands-on. They can also be indible and maybe a little stubborn. Taurean women need a fragrance that allows them to relax a little, and get a little crazy without losing their tender romantic side. We recommend: Libre D'Orange Gemini bijou Romantique is all about leniency and adaptability. Their motto is: Go along to get along. We recommend: Fatalite Intense agent Provocateur Women Born With Cancer is some of the most empathetic, but private people you will never meet. They keep their advice, preferring to be there for others and being fiercely loyal to family and friends. Natural empathy for cancer deserves perfume to amplify the moment when you allow yourself to get close and let your guard down. And the smells of roses do it better than any other fragrance. We recommend: Sensual Nude by Estee Lauder If you were born Leo, you are a born leader. Leos are kings and queens of the Jungle - scintillating, charismatic and warm-hearted, but used to being the spotlight without issues. Leos needed a softer smell tone down his inner take on attitude, and enjoy letting someone else lead. We recommend: In Jamaica by Nataeva Virgo women are careful, practical and methodical. They cross their T's and dot their I's on a regular basis, and I think they're better at it. Their desire to take care of every detail deserves recognition for a fragrance that is just as accurate to the perfection of their calling card. We recommend: Jubilation XXV Female Amouage Libra symbol has a balanced scale and Libra women believe in fairness, justice and diplomacy over sudden emotional outbursts and impulsive decisions.
